OX10 Community Centre (OX10CC)
Individual Membership Form

Project to create a new community space in the centre of Wallingford for the use of all residents of the town and surrounding villages.

Background

We have entered a period of rapid change and increasing insecurity. A group of local residents have been considering how we can build community resilience and mutual support in the face of such uncertainty. We wish to develop a new community centre where local people can meet and share skills, knowledge, experience and resources. This will help us to build a more resilient and sustainable community in Wallingford and the surrounding villages.

To this end we have set up a Community Benefit Society and have started to raise funds to purchase a property in central Wallingford.

If you would like to know more or get involved, please fill in the form below:

Name		
Address		
Email		
Phone

OX10 Community Centre Ltd

Community Benefit Society No. 8866

Objects

The objects of the Society shall be to carry on any business for the benefit of the community to establish or secure the establishment of a community centre and to manage such a centre for activities in furtherance of these objects including, but not limited to:

a) developing and running a community centre in the most sustainable way possible and providing opportunities for local residents to share experience, knowledge and skills to develop more sustainable lifestyles and work together to influence government and businesses to make the changes needed to reduce greenhouse gas emissions, restore habitats and biodiversity and reduce social inequality.

b) providing resources and space for small community organisations and individuals to use.

c) developing the capacity and skills of residents and businesses of OX10 to support our community in becoming more resilient.
